THE GREAT HERBAL
BESPOKE AUTHENTICIITY

Create Iconic Products, Establish an Iconic Brand, Partner with The Great Herbal.

Welcome to The Great Herbal

THE GREAT HERBAL is a trusted, end-to-end **third-party cosmetic manufacturer** with over 20+ years of expertise across production, R&D, quality, and operations. We go beyond product development—delivering comprehensive private label cosmetic solutions, so you can focus on building your brand. Every formula we craft reflects our commitment to innovation, quality, and ethical excellence.

We proudly serve a diverse range of industries, including direct-to-consumer skincare brands, luxury hospitality, wellness centers, salon chains, and Ayurvedic product companies, among others. We offer premium formulations tailored to each brand's unique vision.

Our Facility & Sustainability Focus

At The Great Herbal, we blend scientific expertise with advanced equipment to manufacture premium cosmetic products in a **GMP**- and **ISO**-certified facility. Our manufacturing unit is designed on a cleanroom concept and equipped with **AHU** and **HVAC** systems fitted with **0.3-micron HEPA filters** to ensure a controlled, **contamination-free environment**—prioritizing product safety at every step.

Automated Mixing & Emulsification Manufacturing Vessels

Ideal for creams, lotions, and gels — enabling precise temperature and pH control for sensitive formulations.

Fully-Automated Filling & Capping Lines

Enable hygienic, accurate, and high-speed filling of tubes, bottles, jars, and sachets — reducing manual intervention and enhancing efficiency.

Automatic Labeling, Coding & Packaging Machines

Custom packaging systems for sleek presentation, traceability, and global compliance.

Fully Equipped In-House QC & Micro Labs

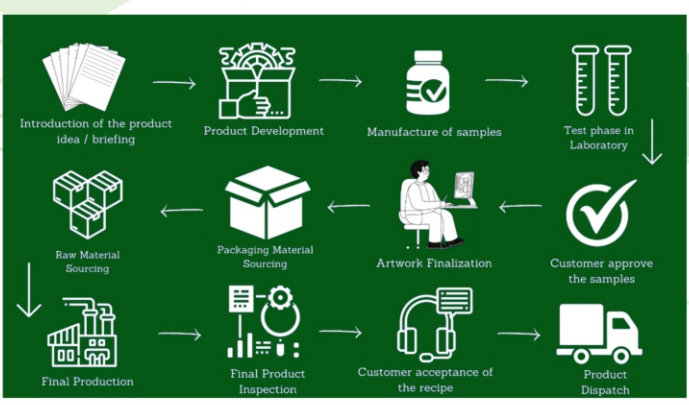
Equipped with **stability chambers, pH meters, viscometers,** and microbial testing units, ensuring every batch meets the highest quality standards.

Cold Room & Controlled Storage for Material

Maintains optimal storage conditions for raw materials, samples, and temperature-sensitive actives.

This infrastructure empowers ***The Great Herbal*** to deliver high-performance cosmetic manufacturing solutions with precision, compliance, and scale.

Supply Chain Management



Accreditation & Eco Friendly Skin Care Technology

Our certified facilities ensure uncompromised quality from start to finish, exceeding the highest benchmarks at every step.

ISO 9001:2015 · Certified Kosher · Certified ISO 14001:2015 Company · Certified Organic Ingredients · GLP Good Laboratory Practice Compliance · Cruelty Free · FDA Approved · ISO 22716:2007 · 100% Vegan
